

R-SEAL WEATHERSTRIPPING FILTER FOR WINDOWS AND DOORS

THE IMPROVED FIN-SEAL PILE WEATHERSTRIPPING.

**PROTECTS
AGAINST
DRAFTS AND
FILTERS OUT GERMS!**

**BREATHE THROUGH
A FILTER.**

**TURN YOUR WINDOWS
AND DOORS INTO
A 24/7 FILTER SYSTEM
THAT NEVER NEEDS TO
BE REPLACED.**

**BEFORE YOU PURCHASE
A WINDOW OR DOOR
MAKE SURE IT HAS
THIS SEAL!**

Improves the air you breathe.

Windows and doors made with R-SEAL protect against drafts and filters and traps unwanted airborne viruses, germs, bacteria, mold spores, pollen, dust, odors, tobacco, and bugs.

HOW IT WORKS

With **R-SEAL** having a Merv Rating of 13, it works just like a HEPA filter, 3M furnace filter or car cabin filter, by acting as a mechanical air filter. When air is pushed towards the window or door, R-SEAL weatherstripping traps unwanted airborne particles and keeps them from entering your home or business.

PERFECT FOR BOTH NEW CONSTRUCTION AND REPLACEMENT PROJECTS

FOR COMMERCIAL AND RESIDENTIAL APPLICATIONS

R-SEAL MERV PILE P/N 19 - 29 WH UFR - RS

Part number system example:

19	29	WH	UFR	RS
Part Base Width	Part Height	Part Color	FIN Configuration	Part Class
19 - 0.187" BASE 27 - 0.270" BASE	25 = 0.250" 29 = 0.290"	WH = WHITE BL = BLACK* GY = GRAY* *Coming Soon	UFR = REGULAR FIN UFH = HIGH FIN	R-SEAL

MERV RATINGS measures the air particles that flow through a filtration material, filtering out unwanted particles that would otherwise enter your home or business.

MERV 6

Home Basic

Comparable to MPR 300 & FPR N/A
